

Voters Ok Establishment Of Class I Jr. College

Overwhelming approval was given to the proposal to establish a Class I Junior College District in Will, Grundy and Kendall counties, which includes the Lincoln-Way High School District.

The vote was light -- approximately 25,000, which County Supt. Boyd Bucher pointed out was 20 per cent of the possible 125,000 voters, but it ran about 4 to 1 for the proposition.

To carry, the proposal required a majority in the unincorporated areas as well as the incorporated communities and also in the Joliet Township High School Dist. 204.

There were 30,806 votes

for the college and 8,517 against it.

Totals in the 33 precincts of the unincorporated area were 5,854 for, and 1,230 against. In the 50 precincts of the incorporated spots the yes vote was 14,194 and the no vote, 3,801. In Dist. 204 the yes vote was 10,758 and the no vote, 3,486 counted in the 26 precincts.

The vote in the precincts that made up Lincoln-Way district totaled 1,857 but seven of these ballots were spoiled which left the total vote of the proposal at 1,850, of which 1,434 were in favor of the proposal and 416 against.

The vote by precinct:

No. 67 -- Haven School, N. Lenox., 261 yes, 49 no.
No. 68 -- Carpenter St. School, Mokena, 134 yes, 42 no.

No. 69 -- Frankfort School, 82 yes, 74 no.

No. 70 -- Manhattan School, 208 yes, 26 no.

No. 71 -- Lincoln-Way High School, 308 yes, 68 no.

No. 72 -- Arbury Hills School, 162 yes, 81 no.

No. 73 -- Ann Rutledge School, 47 yes, 18 no.

No. 74 -- Reiter School, 129 yes, 31 no.

No. 75 -- Frank Koren Residence, Manhattan, 75 yes, 21 no.

No. 83 -- Eugene Malone

residence, New Lenox, 28 yes, 6 no.

The next step will be the election of a board of education with seven members. Bucher must call this election within 60 days following Feb. 18.

Members of the organizations that have been campaigning for a junior college district for the past 18 months are planning to screen candidates for the board with the idea of perhaps offering a list of 15. This would not stop anyone else from running, it was pointed out, but it might discourage some. In a recent junior college board election

there were 86 candidates which must have reminded voters of the orange ballot for legislative candidates in 1964 when everyone and his brother got into the act.

The new district will be No. 525 while the number of the Southwest Cook County District, which includes Sandburg and Alonzo Stagg High Schools of Dist. 230, will be 524.

The vote in the new college district in Southwest Cook County was 8,578 yes and 2,321 no, for a total of 10,899 votes cast.

The local junior college board will select the site for the college and will also de-

cide what the tuition rate will be. It has been predicted that the tuition will be \$200 a year.

The new district will begin to function July 1, 1967. It is reported that the district will not put up a new building for three or four years but will pay rent on their present quarters to Joliet High School.

Lemont High School District is reported to be interested in joining Dist. 525. The tax rate for the district will be 9 1/2 cents per \$100 equalized assessed valuation, 7 cents being for educational purposes and 2 cents for the building fund.

Mokena Firm Making Cork Archery Targets

The L & M Cork Products Co., Mokena, was showing one of its new products at the Sportsman's Show in the Chicago Amphitheater last week -- an archery target.

Cork, of course, is a price ingredient of the composition of the target. The target is patented and has been on the market since Nov. 1. It is advertised in publications directed to archery enthusiasts and has been adopted at many ranges.

Most archery targets are made of straw, which is shortlived and when used indoors are a fire hazard and quite messy because of the arrows chopping the straw.

The targets made by the Mokena firm will take any kind of arrow, from the broadhead used for hunting to the target type.

The targets are so constructed that when the center is shot out it can be folded so a new center is available and when that is gone a third center is there -- then the whole target is turned over and one starts in again, according to Millard Lerch, one of the partners in cork products firm.

These targets are in use now in a number of archery ranges scattered about the country, including the one operated by Chalk 'N Cue at Joliet, Lerch said.

Owner Reports Snow Plowing Damages Lawn

Mrs. William Pommering, Division St., appeared before the Mokena Village Board last week to report that in clearing the street of snow, a crew hired by the village pushed it onto a lot belonging to her which serves as a yard.

There was gravel in the snow, she said, which will cause damage to her lawn. She said that Blaine Saxton, who was clearing snow for the village, told her he would resod the damaged places in spring. Her reason for coming to the board, she said, was to make a report.

The board said that when Saxton presented his bill it

would remind him that he was to repair the lawn.

At a previous meeting of the board Mrs. Pommering reported that overflow from the water storage tank caused her basement to flood. She was told to get an estimate of the damage in the spring and report it to the board.

THE NEW YEAR BABY of the area is home at last. Jeffrey Steven, newest son of Mr. and Mrs. Donald Wokurka, of 9339 Oak St., Orland Park, was born at 1:50 a.m. Jan. 1, in Holy Family Hospital, Des Plaines. He was a bit pre-mature and naturally underweight. Jeffrey tipped the scales at 3 1/2 - pounds at birth but was not permitted to go home until he weighed five pounds, so it was last week before he was permitted to leave the hospital. He is now weighing six pounds, and no doubt is glad to be home so he can be held by his mother. The Wokurkas certainly are glad to have him. There are four other children, Donald Jr., 13; Dennis, 10; Daniel, 7, and Nancy, 5. As parents of the first child born in the Orland - Mokena-Frankfort-Green Garden-New Lenox area, the Wokurkas collected 14 prizes.

Schools Must Serve Handicapped By The 1969-70 Term

Come 1969-70 and it will be law that all school districts provide services for the handicapped.

The state law has always said that every child between such and such ages shall go to school. It doesn't say that anything about his physical or mental condition being a factor -- it just says he must go to school.

That is why there has been controversy for many years relative to sending the handicapped to tax supported public schools. The schools wouldn't take them and parents had to send them to

special schools. But now the legislature has spelled it out.

Of late years, however, the grade schools of the Lincoln-Way District have been providing classrooms and teachers for the handicapped or have been sending them to special classes at Joliet.

The high school, and the six elementary districts of the area, have been working on a cooperative special education program. This program has now moved into its final stages, it was said, and the boards have the 1967-68 proposed budget requirements in their possession.

"Does your child know how to dial zero in an emergency?"

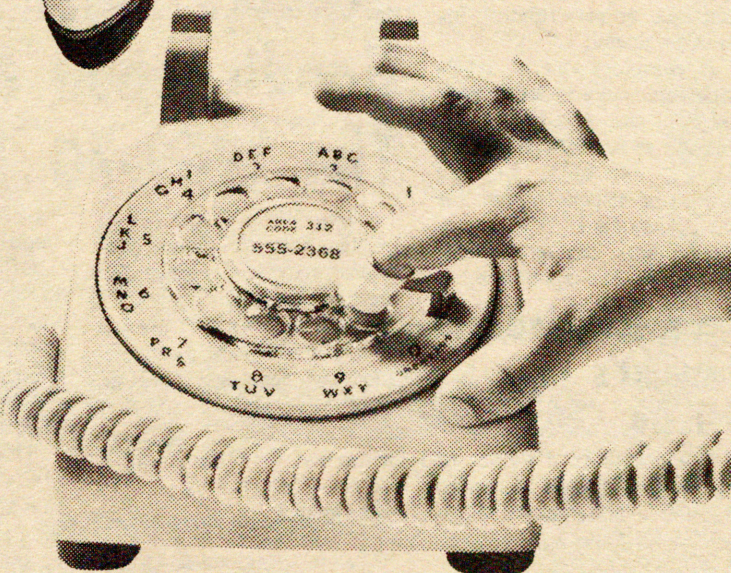

We'd like you to think of the Operator as a friend you can turn to in any emergency—when direct help isn't available.

Of course, the Operator can't give you medical advice or tell you how to put out a fire. But when you dial zero and tell the Operator your problem she'll put you in touch with people who can help you.

That's why we think it's a good idea to teach your children—as soon as they are old enough to understand—to dial zero for Operator in an emergency. Teach them to speak directly into the mouthpiece of the receiver in a clear voice so the Operator can hear them. Tell them to give the Operator their name, their telephone number, and their address.

Remind them to stay calm—that help is only as far away as the zero on their telephone dial.

"Dial zero for Operator."

Arnold J. Tyler, Superintendent of the New Lenox School District 122 reports that he has received official approval from the Office of Public Instruction of the 1966-67 Title II Project filed under provisions of the E.S.E.A. PL 89-10, Title II for library books and other published instructional materials.

The New Lenox public schools invited the St. Jude's Grade School of New Lenox to participate jointly in this application for Federal Funds.

Mokena Would Limit Speed On 191st St.

Now that Mokena has extended its limits along 191st St. east to U.S. 45 by means of strip annexation, village officials now want to control traffic there.

At the last board meeting Trustee Roy Richardson reported that James McCarthy, county highway superintendent, is checking with the state highway department's district office at Elgin to ascertain if speed and village limit signs may be posted along 191st.

Romeoville apparently is operating what appears to be a speed trap by posting the road between Ill. 53 and New Av. with 30 m.p.h. limit signs and then posting a cop behind the bushes near the intersection of this particular Romeo Rd. and New Av., it was reported. Formerly the limit was 35 for portions of the road -- especially that part where the only thing motorists see are bog, and in the summer -- red and yellow-winged blackbirds -- but now it's a solid 30 mile limit and there are only a few habitations and a couple of saloons along the thoroughfare for the cars to pass - not even a crossroad. Ordinarily 30 m.p.h. is the limit for heavily populated areas.

Along 191st St. between Mokena and U.S. 45 there are no saloons, no bog, no red or yellow-winged blackbirds but there are a few homes, most of them between the Rock Island crossing and U.S. 45.

Adults, Children Enjoy Use of Area Playground

James Peyton
Telephone: 532-1516

We didn't think our playground would be worth much in the winter months, however as the snow melted and then froze again it left quite a large area for the kids to skate on. This past weekend we had a lot of kids and a few adults out trying out the skates that they thought would never be used this year. They even skated into the night with the use of some Coleman lanterns. We are going to help the kids keep this area iced with the aid of our hoses as the weather permits so that they can continue skating.

The girls bowling team standings are as follows: Team #2 - Screwballs, Team #1 - Spares, Team #3 - Three Pins, Team #4 - Question Marks. High Game - Pat Kalas - 164, High Series - Pat Kalas - 400, High Series Team #2 - 1068.

We are happy to announce that little Barbara Gunn has recovered from a bout with the pneumonia bug. Her parents are Mr. and Mrs. Daryl Gunn of Ethyl Lane.

We are sorry to announce that Mr. Ed Henschel of Pleasant Ave. has not been feeling well and in all prob-

ability will have to go to the hospital for surgery.

I wish to thank all of the people who took time to go vote on the Jr. College referendum Saturday Feb. 18th and would like to advise you that it passed.

The Tinley Gardens Homeowners Assoc. would like to welcome each and every one of you to come out to our next regular meeting (Monday, March 6) as our attendance has been rather lean due to the bad weather. We have a lot of planning to do and you people are as much a part of the community, whether a member or not, as your neighbor is. Let's all work together and make this a real proud community like we did during the snowstorm.

We are sorry to report that Pvt. Alan Scholten of Chicago (Cherie Peyton's fiancé) has been confined to the hospital at Fort Campbell, Ky. for a week. This is the second time and we hope the last time. Hurry up and get well Alan.

We will start raising our flag again the first of March with David Sumner and another boy (to be named later) raising the flag in a truly American tradition. The entire Community has

become over anxious in regards to the flag raising and therefore we are going to get a nice early start this spring.

We are proud to announce that the bake sale at Summit Hill school Saturday, Feb. 18 was a big success. The eighth graders and their room mothers are to be congratulated for a tremendous job and yours truly will attest to the fact that the merchandise that was sold was exceptionally good.

We would like to congratulate our garbage collectors for maintaining their schedule during the bad weather. Most people are condemning their collectors while we are as happy with our service as if we had our right minds. Thank you fellows.

Plans Day Of Meditation

If you think the average American woman is always to be the victim of every kooky hairstyle that comes along, then hear this: In a certain advanced hair-fashion center in New York you may walk straight into a class of hair stylists learning sculpture, or painting, or sketching. Sometimes full heads, sometimes just one feature, are being created and studied.

★★★

The owner-teacher, himself an artist, believes that art education is vital for hairdressers. Sculpturing, for instance, teaches line, an essential part of hairstyle. It gives the hairdresser a look at facial structure and the relationship the face has to the hair. Painting, on the other hand, teaches color, an ever-growing and important part of the hairdressing industry.

★★★

Revivals of style, this teacher feels, can be better inspirations if the hairdressers understand other times and their relationships to our own, so his students are expected to have a knowledge of history; they can then, with understanding of the times, take from the old what was good and classic, and update it with modern techniques to suit the modern woman and her way of life.

He sees no reason why every woman can't have a style of her own, changed when she needs a change, and having little reference to other women of totally different coloring, temperament, build, taste. With hairstyles adapted to her own personality, way of life and view of herself, the days of one style for everybody are over, he says. Now isn't that an idea?

Arbury Hills

Civic Association Holds Annual Election Feb. 28

MRS. EDWARD HOVI
Telephone: 479-5740

The Arbury Hills Civic Association will hold their annual election meeting at the school, weather permitting, on Tuesday evening, Feb. 28, beginning at 8:00 P.M. This meeting replaces the election meeting originally scheduled for Jan. 31.

The elections will be the same, with the three officers, president, vice-president, and secretary-treasurer, being elected along with three of the board of directors.

The Cub Scouts Blue and

Gold Banquet will be held this Saturday evening, Feb. 25, in the all-purpose room at the school, beginning at 6:00 P.M.

As a reminder to the parents, please bring with you enough silverware to service your own particular family. Those mothers bringing food dishes requiring serving spoons, are also asked to provide the necessary spoons. This also includes those who are bringing jello molds; they should bring serving spoons and serving plates.

In addition to the dinner, there is also entertainment planned for the enjoyment of the group, and the presenting of awards to those boys who have earned them since the previous pack meeting.

Don't forget the Girl Scout Birthday Party to be celebrated by the girls of the Tri-Kena area. It will be held at the Lincoln-Way High School on Sunday afternoon, Mar. 5, beginning at 2:00 P.M.

The program planned will

show the workings of the Girl Scouts through short skits presented by the individual troops in the Tri-Kena Area.

Because of the large amount of room available this year, the program will be open to the public as well as the girls. It will not be necessary to have a girl in the program to be present. Come and see what Girl Scouts in Action really is.

Several pats on the back are due for two of the teachers at the Arbury Hills School who will have to leave, because of approaching motherhood. Mrs. Peggy Manola, who has been teaching fourth grade. She has been instrumental to the establishment of the new reading program in the school. She is being replaced by Mr. John Heller, who will, surely, show equal dedication to the children.

The second teacher leaving is Mrs. Sandy Evans, who has been the first full time kindergarten teacher in our school district. She laid

the ground work for the kindergarten program which is in effect this year. The difficulty of establishing a new kindergarten program may not be realized by the average layman, until he gathers together a large group of four and one half and five year olds from a variety of homes, and try to mold them into the magic term "school-girl" or "schoolboy".

Mrs. Evans replacement for the remainder of the year will be Miss Mary Redfern, who will benefit from, and endeavor to improve what is already there.

The new reading program just established at the school was begun in the fourth and fifth grades. Starting this week it will also be in operation throughout the second, third, sixth, seventh, and eighth grades.

In the program there will be no grade separations as such, each child will be grouped with other children of his reading capabilities. Thereby allowing maximum advantages for every reading

stage. From 9:00 AM until 10:00 AM each morning there will be reading throughout the school on the new group levels.

Each teacher is presently attending a reading workshop on Tuesday afternoons from 3:30 PM until 4:30 PM. Evelyn Glinn a Lincoln-Way High School reading consultant is presenting the workshop.

During the eight weeks of the workshop, school will be dismissed at 3:00 PM on Tuesdays from February 22 until approximately April 18.

School will also be dismissed at 3:00 P.M. on the first and third Monday each month to allow time for staff meetings on the days of the school board meetings.

To allay any concern by the parents, the closing of school at 3:00 PM still constitutes a complete day in the eyes of the state; and the extra time gained through closing at 3:00 PM will not have to be made up.

The basketball teams are showing improvement in

their playing. The lightweight team recently came out on top of the Arbor Park team, and, while the heavyweight team has not been winning as many games as they would want, their team quality of play is showing a great deal of improvement.

The problem of school discipline at the school is becoming less and less of a problem with the largest majority of the youngsters now accepting the authority of the teachers as an extension of parental authority. The remaining few, it is hoped, will shortly wake up and see the advantages of the order that following the rules and regulations does bring.

Mrs. Edward Blecha, director of the lunch program is to be commended for a difficult job conscientiously handled. She has had the unenviable task of providing supervision during the lunch hour for those children who remain at school. I'm sure that it has not all been peaches and cream to locate enough willing mothers for every school day. Thank you, ma'am!

The Honor Roll looks delightfully crowded this month. In the eighth grade there were twelve named: For High Honors: Ruth Terracina, Brenda Allred, Russel Dickerson, Jan Karkos, and Jan Maschmeyer.

For Honors: Claudia Culison, Larry Larsen, Jill Neumayer, Beverly Cooper, Laura Lillvik, Tom Tanis, and Jim Woods.

In seventh grade there were three listed for Honors: Gregory Brewster, Gay Terracina, and Judy Wenk.

In the sixth grade there were fourteen named: For High Honors: Al Behnke, Edward Heise, Susan Kilgore, Steve Peterson, and Steve Smith. For Honors: Debbie Broekstra, Gail Chesnut, Gail Doherty, Geryl Ferro, Lisa Monson, Carol Polfer, Blake Tekotte, Cheryl Thorne, and Marlene Miuccio. It looks as though good grades are not out of style. Good going, and keep it up!

Will the people in and near Arbury Hills, who have dogs, please make a concerted effort to keep their animal confined to their own property.

This is an annual problem hereabouts. The dogs run loose and begin to form packs of four, five and even more. These dogs can become dangerous in such numbers. They present a menace to our children, since they can become excited in a group. Don't curse at the dogs, try talking it out with the owners, they are the ones with the brains.

Nuclear power for Northern Illinois: Our first unit works so well we're building you five more.

Dresden One was a pioneer. It helped make Northern Illinois brighter. More important, it showed that nuclear-powered generating units are more efficient and reliable. And, by using nuclear energy we could produce electricity at about ten percent less cost.

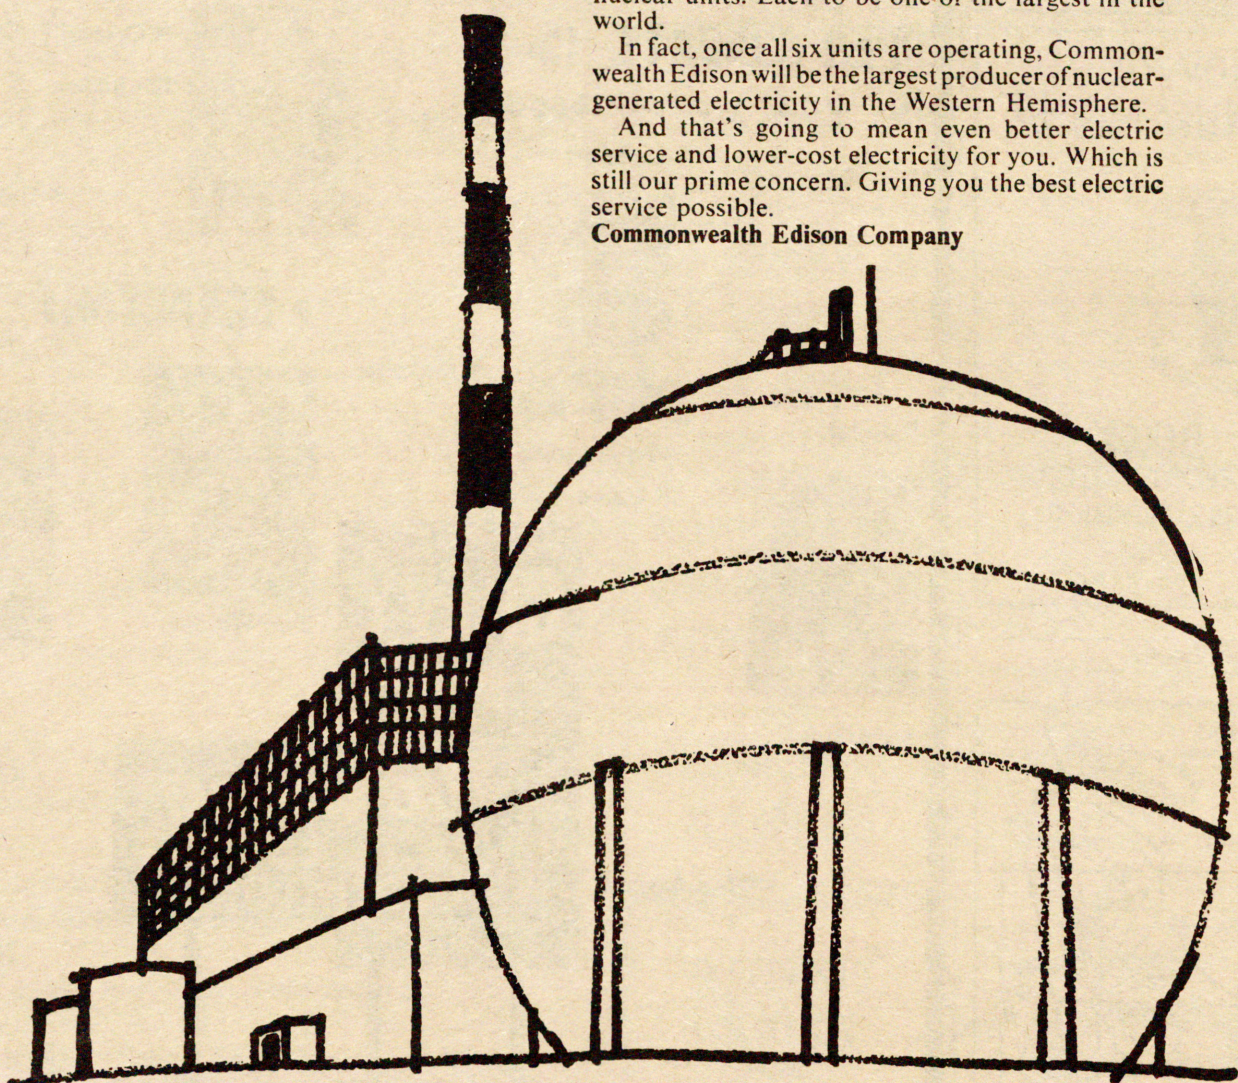

Result?

By the early 1970s we plan to add five more nuclear units. Each to be one of the largest in the world.

In fact, once all six units are operating, Commonwealth Edison will be the largest producer of nuclear-generated electricity in the Western Hemisphere.

And that's going to mean even better electric service and lower-cost electricity for you. Which is still our prime concern. Giving you the best electric service possible.
